**RECYCLE FACT**  
 If all morning newspapers in the US were recycled for one day, the equivalent of 41,000 trees would be saved and 6 million tons of waste would never end up in landfills.

**41,000**

**WOW!**

**HALSTEAD FIRE/EMS**  
 is saving aluminum cans to raise funds to purchase equipment.

Drop your aluminum cans in the "can drop" located north of Halstead Hospital (on the south side of 3rd St., between Chestnut & Poplar). Please bag your cans.

Americans use 200 million cans every day! Recycling 4 aluminum cans saves as much energy as the energy in 1 cup of gasoline. Aluminum cans can be recycled over and over and over.

**THIS IS A GREAT WAY TO HELP YOUR FIRE/EMS DEPARTMENT AND TO RECYCLE, TOO!**

**MOWING REMINDER**

Please remember to mow so that clippings DO NOT land in the street. This will help keep the storm sewers clean and free-running. Lawn clippings can cause stopped up drains and surface flooding. Yard waste can be taken to the City Burnsight.

**CITY BURNSITE** is open every Saturday from 9 AM to 1 PM.

**Items allowed are:**  
 Grass  
 Leaves  
 Branches & Limbs  
 Garden Debris

Items must be emptied out of containers and containers removed from site.
